Professional Summary

Electronics and Telecommunication graduate currently pursuing PG Diploma in Big Data Analytics. Skilled in Python, SQL, and data analysis with hands-on experience in building data-driven applications. Strong problem-solving mindset with a focus on scalable and efficient solutions.

Technical Skills

Programming: Python

Database: SQL, SQLite

Libraries: Pandas, NumPy

Concepts: OOP, Data Analysis, Data Cleaning, File Handling

Tools: Jupyter Notebook, VS Code

Projects

Bank Management System (Python, SQLite)

- Designed and implemented a menu-driven banking application
- Developed CRUD operations for account management
- Integrated SQLite database for persistent storage
- Implemented JSON-based import/export functionality

Education

PG Diploma in Big Data Analytics (Pursuing) – CDAC Bangalore

B.Tech (Electronics and Telecommunication) – KDK College of Engineering, Nagpur

HSC – Marotrao Mude Junior College

SSC – Green City High School

Certifications

Python for Data Science – NPTEL (IIT Madras) (Elite)

Strengths

- Strong analytical and problem-solving skills
- Quick learner with adaptability
- Good understanding of core programming concepts
